

LOCAL NEWS.

MONDAY EVENING, JUNE 30.

Persons leaving the city can have the Gazette mailed to them, to any address at the rate of fifty cents per month.

For this section showers, no change in temperature, variable winds.

ARREST OF SUNDAY BALL PLAYERS.—Another game of baseball was played yesterday evening at the Alexandria Driving Park, making the third successive Sunday game played there this summer, but during its progress Sheriff Veston, of the county, arrested the manager of the game, a man named Burckett. As the sheriff's posse was in the majority but little effort was made to prevent the game being played, but the selling of tickets was stopped. Then the gates were thrown open and the crowd made a rush and gained free admission to the park.

As there was no prospect of having an immediate trial of Burckett, he was released on security for his appearance to day. This seemed to settle the matter, but just as the case concluded a colored justice of the peace, Henry D. Dismont, turned up and announced that he would hear the case at once, and proceed to convene court in the grand stand. After hearing sufficient testimony to convince him that a game of ball had been played the justice imposed a fine of \$2 for each man engaged in the game, and the costs, which amounted in all to \$47.00. This Burckett paid promptly, and he was about to leave the grounds when Sheriff Veston informed him that he was also wanted for giving an exhibition without a license and he would require a security for Burckett's appearance in court. A wrangle about the regularity of the proceedings occurred between the two court officials and while it was in progress Burckett stole from the grounds and jumping into a buggy, started for Washington. The sheriff started in pursuit, also in a buggy, but Burckett reached the Long Bridge before the officer could overtake him.

In the meantime the colored justice at the ball ground had a row with one of the bystanders who drew a pistol and forced the justice to leave the place.

The case was between the Washingtons and Worcester and the former won by a score of 9 to 7.

During the evening gambling in various forms was indulged in and one of the conductors of a "shell" game was arrested and brought to this city where he was locked up.

COUNTY ITEMS.—On Saturday Justice Wm. H. Gray committed Albert Lyles for the action of the grand jury in two cases—for breaking and entering railroad cars and stealing therefrom; also Casey Bowlin and John Johnson, for breaking and entering the dwelling house of George Mitchell.

Justice Henry Drummond committed Thomas Buchanan to jail for action of the grand jury for exhibiting a game known as the "shell game" at the driving park yesterday. Commonwealth's Attorney Clements appeared for the State in all the above cases.

Saturday night about 10 o'clock the Commissioner of the Revenue called upon Commonwealth's Attorney Clements, saying that an application, amounting almost to a demand, had been made upon him to grant a license for a base ball performance at the Gentleman's Driving Park the next day—Sunday—and that doubting the propriety of it he wanted the attorney's opinion. He was told that it was unlawful for him to issue such license. It was understood that the game would be played, license or no license, and gate money charged; whereupon the attorney drew several warrants for "exhibiting an unlicensed performance" and placed them in the hands of the sheriff early yesterday morning. A man named Burckett who managed the ball game, was arrested in the afternoon but escaped. He will, however, be indicted for the offense, and will be brought to the County Court for trial by requisition from the Governor of the State.

There seems to be a beginning of a determined effort to suppress crime in the county, although it is a difficult matter because of the nearness of the county to Washington city. All the parties committed were non-residents.

POLICE REPORT.—Last night was cloudy with rain about 1 o'clock. There were two prisoners and no lodgers at the station here.

The Mayor this morning disposed of the following cases: Carrie Simms, arrested by officers Price and Arlington charged with stealing goods from Mr. E. C. Atwell, was sent to jail for 15 days.

Mary Turner, colored, arrested by officer McCann for being drunk and disorderly, was fined \$2.00 or given 30 days in jail.

Geo. Dudley, colored, arrested by officers Bestie and Taylor for disorderly conduct, was fined \$1.00.

Horace Bryant and Henry Ford, colored, arrested for disorderly conduct, and Ben Blandford, colored, charged with throwing garbage in the market alley, were fined \$1 each.

Geo. Boston, colored, was arrested to-day and locked up, having been caught in the vestibule of the residence of Mr. Thos. V. K-hell on Queen street. It is supposed he was out drinking the house.

Emma Green was arrested to day for disorderly conduct, and locked up.

The Mayor reserved his decision in the case of an engineer on the Washington Southern Railroad charged with running his engine through the streets at a greater rate of speed than five miles an hour.

Endler, Galloway, who was charged with being an accessory to the pocket-picking on the excursion on Friday night last, was released on Saturday evening, and George Leving, charged with the act, was discharged to-day, the evidence being insufficient to hold them.

KILLED BY A TRAIN.—The south-bound train which leaves Washington at 4:30 o'clock every morning ran over a negro named William Hawkins between Waterloo and Fort Runyon yesterday morning, killing him instantly and terribly mutilating his body. Hawkins lived with his wife at Waterloo. She says that Hawkins had been drunk all the evening, and that she had passed the better portion of the night in walking up and down the track with him in the hope that he would get sober and go home. She says her efforts were in vain, and that finally about 2:30 o'clock he made her leave him, and she then went home and went to bed. She did not hear or see anything more of her husband until his dead body was brought to her, and she thinks that while drunk he fell asleep on the tracks, and, not awakening as the train approached, met his death. His body lay on the side of the track several hours after the accident and was viewed by many persons. It was reported yesterday that Hawkins had been murdered and his body placed on the track, but this is not believed.

PERSONAL.—Mr Harry Powers has returned from Worcester College, Mass. Mr. J. P. Powers, on Friday last was ordained as a minister of the Episcopal Church at the residence of his father on St. Ann's street. Fannie Powers is the daughter of the late Mr. J. P. Powers.

months. In the fall they will sail for Japan, where they go as missionaries under the auspices of the Episcopal Church.

W. B. Corsa started this morning with the irrigation division of the U. S. Geological Department for Pueblo, Colorado. Capt. W. J. Boote continues seriously ill at his home, on Princess street.

THE WEATHER was hot again yesterday, and the number of persons on the streets limited in consequence. The churches, however, had good congregations at both morning and evening services. The river was alive all day and up to a late hour in the night with excursion steamers—all crowded. Towards night a refreshing breeze set in from the southeast and coolness followed, when the temperature, especially of the extreme eastern portion of the city, fell perceptibly. Windmill Hill, Jones's Point, Battery Rodgers and other places on the river front were visited by numbers at that time and the cooling breeze from the river was enjoyed by them all.

THE FREDERICK PARADE.—In its account of the firemen's parade to be held in Frederick, Md., on July 4th a paper of that city says: "The Columbia Fire Company, No. 4, of Alexandria, Va., the crack company of the Old Dominion, will bring about 90 men, their beautiful hose carriage, and a drum corps which has a wide spread reputation for excellence. This company is considered to be the handsomest uniformed company in Virginia and will be a conspicuous figure among the other magnificently equipped companies visiting the Independent Hose Company."

RECHARITÉS.—At the last regular meeting of Potomac Tent No. 89, I. O. Rechabites, the following officers were elected to fill the chairs for the next term: Shepherd, J. T. Crump; Past Chief Ruler, Edgar Thompson; Chief Ruler, Samuel Devaughn; Deputy Ruler, Jos. Nash; Recording Secretary, Geo. W. Stearns; Financial Secretary, Wm. Mullen; Treasurer, Henry Beach; Captain, L. D. Lyles; Levite, Jas. Lyles; Inside Guard, John Davaugan; Outside Guard, John Lyles; Representative to High Tent, L. D. Lyles; Janitor, W. H. Freeman.

TAXES.—The city collectors have now in hand the tax bills for the ensuing year, and as will be seen by a notice elsewhere, taxpayers can save ten per cent. by settling before the 10th of July.

Owing to the small size of the room in the Market building occupied by the collectors of taxes, and the consequent crowding of the room during the discount period, the Collector of the Northern District, P. F. Gorman, will from this date till the 10th of July occupy the room adjoining the Common Council chamber.

DEATHS AT FALLS CHURCH.—Three deaths occurred at Falls Church yesterday—Solomon Sprangle, Mrs. Green and Wm. Shreve—all old people. Mr. Sprangle was the father-in-law of Mr. J. C. DePatron, and formerly lived in this city. He had been in ill health for some time. Mrs. Green recently fell down the stairs of her residence, and never recovered from the effects of her fall which produced paralysis. Mr. Shreve recently returned from California and had been sick but a short time.

THE SHOE FACTORY.—But one piece of machinery—the healing machine—is now needed at the Potomac Shoe Factory before operations there can be commenced. This machine has been shipped and is expected to arrive here any day, when the work of making shoes at the factory will be begun. There are now employed at the factory five men, one boy and twelve young ladies, and as soon as the work of manufacturing shoes begins others will be employed.

EXAMINATION OF TEACHERS.—The City Superintendent of Public Schools requests us to say that he will examine white candidates for public school teachers at the Washington school building to-morrow, beginning at 9 o'clock a. m. and colored candidates on the day following, beginning at the same hour. All should bring pens, ink and paper, as answers in pencil will not be received.

It is said a sick man is not himself and the only way to restore him to himself if his ailment be a cough or cold is a prompt administration of Stonebraker's Cough Syrup. It cures when others fail. Price 25 cents.

A Good Nurse. Should not hesitate to wait upon those ill with such diseases as Small-pox, Cholera or Scarlet Fever. There is little to be feared by persons waiting on the sick if they will use Darby's Prophylactic Fluid freely. In sick rooms it should be exposed on a plate or saucer, and the patient sponged off with the Fluid diluted. For safety, cleanliness and comfort in the sick-room the Fluid is indispensable.

Horses that are compelled to perform hard service should not receive a fixed allowance of food, but given all the hay they can eat, with an extra crust of oats at night. They should also be protected from flies and insects, in order to rest well, and be in better condition for service the next day and a little of Stonebraker's Horse and Cattle Powders in their food will improve their appetite, digestion and prevent diseases.

A Scrap of Paper Saved Her Life. It was just an ordinary scrap of wrapping paper but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. LEGAL. ADMINISTRATOR'S NOTICE. TAKE NOTICE—I do hereby notify all persons indebted to the estate of the late JONATHAN R. BEACH, deceased, to make settlement immediately with me in order to save cost.

All persons holding claims against the same will please present them to me at once for settlement. W. H. MAY, Administrator.

LOCAL BREVITIES.

A shower of rain, just sufficient to lay the dust, fell this morning.

The official count of census returns gives the population of the District of Columbia as 229,796.

John L. Sullivan stopped in Washington for a few hours yesterday on his way to New York from Richmond, Miss.

The property owners of West End are now indulging liberally in paint and white wash which makes noticeable improvement. Mr. H. H. Arnold, of the Washington Pickle Factory of this city, has put his engine, etc., in position ready to commence operations, and will leave for New York in a few days to purchase supplies.

The funeral of the late Miss Margie Lawson took place from St. Mary's Church this morning, and was largely attended.

The residence of Mrs. E. O. Evans, at Fairfax C. H., was slightly damaged by fire on Thursday last.

MONETARY AND COMMERCIAL.

NEW YORK, June 30.—The ruling feature in the stock market was still dullness this morning. The strength of Saturday was reproduced at the opening and first prices were from 1/8 to 1/2 per ct. higher than Saturday's final figures. The improvement, however, induced some selling and the first prices were generally the best and the losses were generally slight. Late in the hour a better tone prevailed, with intense dullness and slight movements only, and at 11 o'clock the market was dull and firm, but generally at slight fractions under the opening prices.

THE WEATHER IS WARM.

We are having some pretty hot weather - hotter than we had it last summer; but there is one consolation in the fact that its discomforts may be materially lessened by observing the rules of health, not only in what we eat, but what we wear. In selecting articles of wearing apparel one should be governed not only by texture but by beauty. These two points considered, the last, but by no means the least to consider, is the cost. In purchasing our stock we have paid strict attention to these three essentials—TEXTURE, BEAUTY and PRICE. These we have happily combined, and take pleasure in calling the attention of customers to a few items which we present as pointers to

THE LARGEST STOCK OF SUMMER GOODS
